

**BARTON
HOUSE**

CARE HOME

A HOME FROM HOME

At Barton House Care Home we provide specialist care for adults with complex physical and mental health needs.

Registered for 15 service users, our size puts us in the luxurious position of having been able to create a space that still feels like a home with a team that feels like a family.

Our person-centered approach means we invest time in truly understanding each resident, their unique history, and their individual needs. By placing residents at the heart of everything we do, we create a nurturing environment built on dignity, respect, and a deep commitment to their well-being. We pride ourselves in being able to provide a safe and supportive home for individuals who have experienced challenges failed placements in the past.

Our secure garden provides an ideal place for fresh air on the lawn or patio and provides the perfect place for a barbecue in summer.

Good food is central to our care. Our in-house kitchen serves up delicious, home-cooked meals every day, contributing to the homely ambiance at Barton House.

**Caring for adults with:
Enduring Mental Health Conditions
Complex Dementia | Challenging Behaviour**

**“The staff are always understanding of my husband.”
